

Rockwell West 118

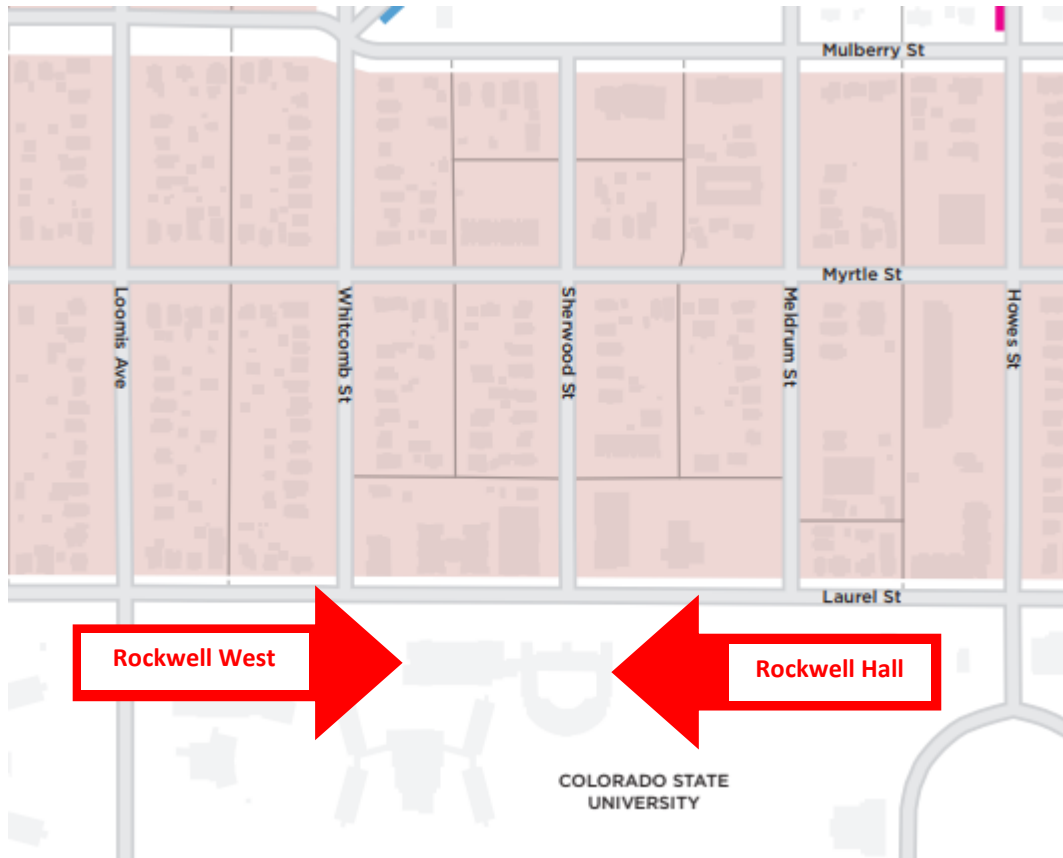

No Parking Here

W. Laurel Street

Parking in the **visitor** lots: Pay hourly by license plate from 7:30 a.m. to 4:00 p.m. Monday through Friday except for University Holidays where ALL offices are closed.

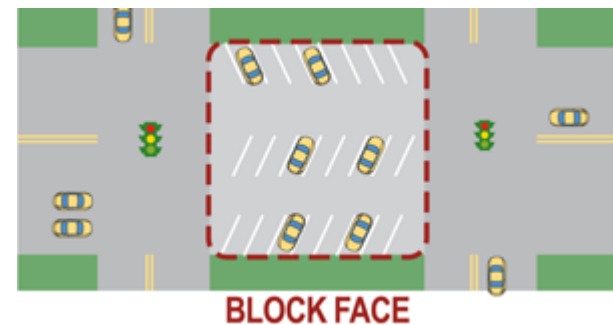

Off-Street Parking

The red zones are streets that offer two hour parking off street parking only. However, the 4-hour block face rule applies here. This rule is explained below.

The 4-Hour Block Face Rule

Even if you parked for only 10 minutes, you cannot return and park in the same block face for at least 4 hours, or risk getting a citation. A block face is the portion of a street between two intersections, including all on-street parking, both sides and center (where applicable). The parking areas are enforced by what is called "chalking," which is done electronically by entering the vehicle's license plate number into a handheld computer creating a unique database for each day and location.

Where is Rockwell West Room 118?

Located right inside the east doors of Rockwell West

Which parking do we recommend?

The pay to park lot is what we recommend. You are able to guarantee no parking citations by paying for the amount of time you will be on campus!
